

Independent Review Panel Members**Tab 4****Background:**

During the May Executive Committee meeting, the Committee recommended that staff approach university faculty about possibly engaging a class of students from the LBJ School of Public Affairs to review applications received in response to the Public Policy Collaboration Activities Request for Proposals. That approach does not appear feasible at this time. Staff will review those discussions and will offer alternate recommendations to the Committee for reviewing those proposals. Since it is important to maintain confidentiality around proposed reviewers until a review process is completed, this information will be provided to Executive Committee members only during the meeting.

Executive Committee**Agenda Item 7.****Expected Action:**

The Committee will receive a report from staff regarding possible reviewers to review the Public Policy Collaboration Activities proposals and determine appropriate action.

Council**Agenda Item 15. A.****Expected Action:**

The Executive Committee will report any action taken to the Council. No action is expected by the Council.
