

**Background:**

During the February Public Policy Committee meeting, the Committee discussed Future Projects/State Plan Implementation related to Goal 3. For your reference, Goal 3 states:

Conduct ongoing educational campaigns in collaboration with community leaders, organizations, and businesses to enable them to better support, include, and/or provide culturally responsive services to people with developmental disabilities by 9/30/2016.

The Committee asked staff to further research the topic of accessible parking to determine if any public awareness campaigns have transpired and/or if there are any planned. That information was reviewed with the Committee during the May 2012 meeting during which the Council approved focusing the educational campaign on the topic of accessible parking. Staff will provide an update to the Public Policy Committee on the progress of the campaign.
